

Tethered Balloon Rides

Terms & Conditions

Standard 90 minute (1-1/2 hour) tether operation: \$900.00

If additional time is requested and conditions allow, we have three additional tanks of fuel available at a cost of **\$150.00** per tank. Each tank provides approximately 15-20+ minutes of tethering time depending on temperature and payload.

There is no charge for mileage within a 50 mile radius. Mileage in excess of 50 miles will be charged at **\$1.25** per mile each way, plus lodging if necessary.

A tether operation can accommodate approximately 50 passengers in a one (1) hour period.

A **25%** deposit (**\$225.00**) is required to book an event. The payment will be refunded if the event is canceled by the pilot prior to travel due to poor weather conditions. The deposit and agreed upon mileage/lodging costs become non-refundable once travel to the site has begun, or if the client cancels the event less than 48 hours in advance.

All packages are subject to weather conditions and may need to be discontinued at any time during the event. If weather conditions prevent us from tethering for the full 90 minutes, the client will be charged a minimum of **\$450.00** or **\$150.00** per quarter hour of operation, (whichever is more) minus the deposit.

We accept checks, cash, Visa, Mastercard, Discover and American Express as payment.

Thank you.
